With over 70 years of experience, Tempco Manufacturing produces precision metal stampings, precision sheet metal fabrications and assemblies for clients across numerous industries including but not limited to:

- Aerospace
- Medical
- Hardware
- Lighting
- Firearms
- After Market Automotive
- Technology/Electronic Components
- Heavy/Industrial Equipment
- Food & Beverage

Our philosophy is to maintain low operating costs, invest in "best in class technology", automate and standardize, and commitment to quality & safety. We manufacture only the highest quality parts and have invested heavily into our quality assurance over the years. Our quality management system is AS9100, ISO 13485, & ISO 9001 certified, and we have our Federal Firearms License. We continue to explore future quality certifications to expand our capabilities.

Along with our quality, we provide stocking programs, value engineering, and secondary capabilities with our established network of proven supplier partners. Tempco is here to cater to our clients and provide cost-saving ideas along with inventory flexibility. Let Tempco be your one-stop shop complete precision metal solutions provider and contact us today!
